

ULI Triangle sponsors comprise the leading real estate companies in the region.

Annual Sponsorship

Annual sponsors receive excellent benefits for their contributions and the satisfaction of knowing that 100% of the funds support local programs, educational activities, community outreach and research.

ULI members are community builders who develop and redevelop neighborhoods, business districts and communities throughout the U.S. and the world. ULI Triangle is a self-sustaining organization that relies on the generous support of its sponsors to advance the initiatives and mission of the organization. With more than 600 members throughout the Triangle and Eastern region of North Carolina, sponsorship is a catalyst for leadership in land use.

Our Mission

To provide leadership in the responsible use of land and in creating and sustaining thriving communities worldwide. ULI Triangle carries forth that mission by serving the Triangle and Eastern North Carolina's public and private sectors with pragmatic land use expertise and education. Development process, permitting and community relations

Regional Sponsorship

Regions have become the most important geographies in the global economy: cities and counties have political boundaries but no economic boundaries. North and South Carolina have tremendous regional assets: natural, cultural, economic and social. Investing as a new Regional Sponsor and receiving benefits in three ULI District Councils is a phenomenal opportunity to break down the perceived barriers of our borders and extend your reach within the Carolinas. Ask us how you can become a regional sponsor and multiply your benefits by more than three.
